American Naval Forces Having Interfered the Bogota Administration Will Send Its Troops Overland-Panama Names Its Diplomatic Agent and Other Officials.

PARIS, Nov. 7.—The Patrie this afternoon publishes in a despatch from Antwerp, Belgium, an interview with Gonzales Torres, Consul-General of Colombia, who says he has just received a despatch from Colombia announcing that 7,000 troops are about to arrive at Savanilla on their way to Colon. Among the number are 500 men from the Department of Antioqui. The Department of Boyaca is also furnishing its contingent.

Consol-General Torres adds that the action of the American naval forces at Colon prevented Colombia from sending troops to Panama to suppress the uprising, this preventing Colombia from fulfilling her treaty

He further declares that in spite of American interference Colombia 5) 1, Champlain (2 to 1) 2, Ancestor, will fulfill her treaty duties and will march troops by land to Panama.

The Patrie asserts that the foregoing interview discloses that Colombia has decided "not to permit the United States to take part of her terriory under the pretext of creating a new republic."

FRANKLIN FIELD, Philadelphia, Nov. 7.-Fa'r Harvard's massive Offered to Settle Claim for \$10, gridiron warriors smashed their way to a glorious victory this afternoon Man Held Ont for \$12, and through the gritty ranks of Pennsylvania's pigskin knights.

On a white-barred battlefield, penned between towering walls of crazy, wildly cheering humanity, the Crimson giants tore great holes in the Red and Blue line-holes through which their fleetest-footed sprinters were pushed to victory.

The great weight of the Harvard line wrote its tale of defeat in the ranks of the Quaker warriors.

It was a bitter fight from the fall of the flag; a fight that stretched its victims at the heels of the charging knights of Crimson; a fight for the glory and honor of the Crimson and the Red and Blue. And the Crimson got the verdict.
